Executive Statement

I am a researcher with interests in image processing, machine learning, and deep learning. Most specifically, I use these expertise in solving problems related to consumer digital media, remote sensing, earth sciences, solar and renewable energy.

Current Affiliation

ADAPT Centre, Trinity College Dublin July 2017 – till date
Post-doctoral Researcher
Currently working with Prof. François Pitié and Declan McKibben, in an industry-affiliated research project of Huawei Ireland Research Centre.
- Developing state-of-the-art techniques for effective image- and video- analysis in consumer advertisement videos.
- Published our findings in leading conferences.

National College of Ireland, Dublin August 2018 – till date
Associate Faculty
- Currently lecturing a course in programming and data analytics.
- Supervising students for their Master of Science research projects.

Education

Nanyang Technological University (NTU) Singapore 2012 – 2017
Ph.D. in Electrical & Electronic Engineering
Thesis: 2D and 3D Image Analysis and Its Application to Sky/Cloud Imaging
CGPA: 4.08/5.0

National Institute of Technology Silchar, India 2006 – 2010
Bachelor of Technology in Electronics & Communication Engineering
Graduated *summa cum laude* with highest honors and ranked 1 in class of 70
CGPA: 9.43/10.0

Experience

Nanyang Technological University Singapore Singapore, Singapore
PhD Student July 2012 – July 2017
Worked with Prof. Lee Yee Hui, NTU Singapore and Dr. Stefan Winkler, Principal Scientist, Advanced Digital Sciences Center (ADSC).
- Developed state-of-the-art image segmentation and image classification algorithms for cloud image analysis and earth observations.
- Created and released first large-scale cloud image datasets with manually annotated labels to the community.
- Published our findings in top-tier journals and conferences.

École polytechnique fédérale de Lausanne Lausanne, Switzerland
Visiting Student July 2015 – December 2015
Worked with Prof. Martin Vetterli and Dr. Adam Scholefield during this exchange term.
- Devised algorithms with theoretical bounds for point localization in multi-camera setups with noisy camera poses.
- Provided a rigorous analysis of such localization problems in the task of cloud-base height reconstruction using ground-based sky cameras.

Ericsson India Gurgaon, India
Engineer - Network Consulting July 2010 – July 2012
- Provided 2G frequency planning and optimization for metropolitan cities, and received excellent customer feedback.
- Developed heuristic processes and optimization techniques to streamline the 2G/3G network operations. Developed tool was subsequently included into Ericsson's tools and services portal.

Indian Institute of Science, Bangalore Bangalore, India
Research Intern May 2009 – July 2009
Worked with Prof. Vinod Sharma during this internship period.
- Developed a high performance source-relay assignment scheme, denoted Timer based Adaptive Relay Selection Protocol (TARSeP) that efficiently improves the overall throughput in wireless 802.11 networks.
- Published our results in a journal of related area.

Indian Institute of Technology Guwahati Guwahati, India
Research Intern May 2008 – June 2008
Worked with Prof. Harshal B. Nemade during this internship period.
- Designed a minimum off-time device for protecting refrigerator compressor after a brief power interruption.
- Developed a working prototype of the designed device using off-the-shelf components.

Teaching

National College of Ireland Dublin
Associate Faculty July 2018 – till date
- Currently lecturing a course on 'Programming for big data' for Higher Diploma in Science in Data Analytics for the term January 2019 – May 2019.
- Lectured a course on H9PDA: Programming for Data Analytics, for degree in Masters in Cloud Computing for the term August 2018 – December 2018.

Trinity College Dublin, Ireland Dublin
Teaching Assistant January 2019 – till date
- Currently conducting the lab sessions of EEU44C08 Digital Image and Video Processing, for fourth year undergraduates of Trinity College Dublin, for the term January 2019 – May 2019.

NTU Singapore Outreach Team Singapore
Instructor January 2015 – June 2017
- Reached out to pre-tertiary students with a passion for Science and Engineering, and received commendable appreciation from Ministry of Education, Singapore.
- Developed learning programmes (viz. Cantenna workshop & LED Cube workshop) that offered students an opportunity to appreciate STEM field education, under the tutelage of NTU professors and staffs.

NTU Singapore Undergraduate Class Singapore
Peer Tutor 2016 – 2017
Teaching Assistant 2014 – 2016
- Taught the course *EE2008: Data Structures and Algorithms* to 150+ students for Semester 1 AY 2014–15, and Semester 2 AY 2015-16 session.
- Received Best Teaching Award for the course.

Supervision

National College of Ireland Dublin
Supervisor July 2018 – till date
- Supervised 3 students in their Master of Science (MSc) research thesis, in areas of machine learning and data analytics.

Nanyang Technological University Singapore Singapore
Mentor January 2013 – June 2017

- Mentored 14 students in their Final Year Projects (FYPs) and Nanyang Research Program (NRP) projects, in areas of image processing and remote sensing.

Invited Talks

- Invited talk at the IEEE YP Symposium on Impact of Data Science in Healthcare, Dublin, July 2019.
- Invited talk at Machine Learning Dublin meetup to discuss our recent work on deep-learning based advert-creation system, developed in collaboration with Huawei Ireland Research Centre, June 2019.
- Talk on the course 'Inside the Machine: An Introduction to Architecture, Parallelism & its Applications', at University College Dublin, Dublin, Ireland, May 2019.
- Undergraduate research talk on 'Solving Interdisciplinary Problems Using Computer Vision', at Maynooth University, Co. Kildare, February 2019.
- Research talk on 'Computer-Vision Solutions for Sensing Problems', at University of Dundee, Scotland, October 2018.
- Talk on the course 'Inside the Machine: An Introduction to Architecture, Parallelism & Electronics', at Bucknell University, Lewisburg, PA, United States, July 2018.
- Seminar on 'Developing Computer-Vision Solutions for Sensing Problems in Intelligent Systems', at University of Derby, United Kingdom, April 2018.
- Talk on 'Ground-based Image Analysis for Solar Energy Applications' in Machine Learning Dublin meetup at The Innovation Academy TCD, August 2017.

Skills

Languages
Python, MATLAB, Perl.
Technologies
TensorFlow, Keras, LaTeX
Expertise
image processing, machine learning, remote sensing, deep learning.

Organization

Xonkolpo — North-East India
Advisor — October 2013 – present
- Assisted in floating Xonkolpo: a non-profit initiative, along with other enthusiasts from Assam, India.
- Provided support and guidance, along with application materials for students, particularly from North-Eastern India to pursue studies in any Science, Technology, Engineering and Management (STEM) field.

NTU - Graduate Student Council — Singapore
Director — April 2016 – March 2017
Director — April 2015 – March 2016
Public Relations Officer — May 2014 – March 2015
- Lead NTUGSC - Career & Entrepreneurship committee that is primarily involved in organizing Career talks, Entrepreneurial talks and Industrial visits for the graduate students.
- Established long-term collaborations with NTU - Career & Attachment Office (CAO) for our activities.

IEEE Young Professionals Singapore
Chair November 2015 – November 2016
Vice Chair November 2014 – November 2015
Executive Committee Member November 2013 – October 2014

- Lead the Singapore chapter of IEEE Young Professionals, and was primarily involved in facilitating young graduates to become world class professionals, enhancing their skills and establishing a strong and diverse professional network.
- Received best Affinity Group award from IEEE R10 section.

IEEE Student Chapter Silchar Silchar, India
Executive Committee Member June 2008 – June 2010

- Responsible for the overall management of IEEE Student Chapter Branch affairs.

Awards & Honors

- Awarded the Outstanding Academic Achievement award, by Technology Ireland, November 2018.
- Awarded the ADAPT Centre Directors Commercialisation Award 2018, in recognition of the contribution to Huawei Advert project.
- Recognition and appreciation for contribution as a tutor in the Peer Tutoring Scheme, NTU Singapore, AY 2016-17.
- IEEE Region-10 Young Professionals Affinity Group Award in recognition and appreciation of valued services and contributions, August 2016.
- Commendable Teaching Assistant Award for the AY 2014–15 by School of Electrical and Electronic Engineering, NTU Singapore, November 2015.
- Institute Silver Medal in Bachelor of Technology, National Institute of Technology Silchar, July 2010.
